MESSAGE FROM THE MANAGING DIRECTOR

Zamarud Hussain.

- Managing Director

Dear Customer,

It is a pleasure to herein introduce our company,
Al Fanous which is established in 1996

ALF has embodied its ideology to adopt to changes in the glass industry adding new glass processing equipment regularly to keep pace with the changing technology to better serve our customer's needs. Having facilities to process variety of Glass & Aluminium work with a high degree of quality and workmanship we are able to undertake specific custom-built projects and a variety of glass and aluminium work to meet the requirements of customers with greater customer conscience.

It is our company policy and clear instruction to our management and staff at ALF to operate under highest moral and ethical standards. Our aim is to provide you with timely service, competitive price and excellent quality and keep the safety of our personnel as prime objective.

We are very proud to introduce ourselves as one of the leading Glass and Aluminium firms located in Sharjah. ALF is committed to quality, in the belief that, with proper planning, procurement, project execution and cost saving solutions we can allow high quality at a price which is more than competitive.

Sincerely yours,
Zamarud Hussain - Managing Director

MISSION

To become the region's top end-to-end architectural design and fenestration consultation business for premium commercial and residential projects.

VISION

To build a multi-speciality team that functions under the highest moral and ethical standards and works together to create stunning landmarks that decorate skylines across the world.

ABOUT AL FANOUS

For over 25 years,

Al Fanous Al Fadhi Glass and Aluminium Cont. LLC (ALF) has been at the forefront of architectural developments in the country. As specialists in architectural glass and aluminium, we leverage our rich experience to provide customers with precision-engineered bespoke solutions. Our skilled designers, artists, technicians and engineers work together to create stunning landmark structures that decorate our skylines. We're proud of our ability to play with shapes, patterns, textures, lights and colours to bring every architect's unique vision to life.

At ALF, nothing is more important than quality and consistency. We stay ahead of the curve by regularly assessing our processes and investing in new equipment to enhance our glass and aluminium processing abilities. Our cutting-edge technology enables us to deliver quality that exceeds client expectations while setting industry benchmarks. Together with robust manufacturing and industrial systems, ALF has emerged as the partner of choice for architectural glass and aluminium design and processing in the UAE.

To us, ALF isn't just a company. It's a family. We're acutely aware of the importance of a dedicated workforce. Our team's expertise and prowess over the years have enabled us to rise to the position we are in today.

WHAT WE DO

Most of the structures we see today are more than just office or residential buildings. They are works of art that showcase unlimited possibilities. At ALF we help process the glass panels and aluminium frameworks required for facades and interiors of residences or villas. From creating stunning stained glass designs to laminating and processing bent glass, we can do it all! What's more, we can process the aluminium glazing structures required to install the glass in your villa with ease and efficiently, making us an end-to-end facade and glazing solution provider

To help bring every client's vision to life, we invest in a wide range of cutting-edge equipment and machinery. Our manufacturing facility, spread over 30,000 square feet, has glass cutting, bending, polishing and sandblasting machines imported from Italy. As part of our commitment to quality, we only procure the best raw materials for our creations. This is why we've built lasting partnerships with trusted brands like SAUC Minimal Systems, Unilux, Sunflex, Gulf Extrusions and Kawaneer.

OUR HISTORY

1982

Our story dates back to 1892 when Abdul Hussain established Tayeb Ali Abdul Hussain Glass Industry in Hyderabad. While we have reinvented ourselves over time, our dedication to delivering quality architectural glass remains unchanged.

1980

Eventually, in 1980, Haji Mulla Tayeb Ali established the Safe Glass Store in the City of the Nizam. Today, the shop is run by Feroz Hussain, whose younger brother, Zamarud Hussain, brought the family's business to Sharjah in 1996.

1996

Since expanding to the UAE, we have grown from strength to strength. The booming construction market in the region gave us every opportunity to establish our business in the country. Our work is visible not just across the UAE, but also in Kenya, Saudi Arabia and Iraq as well. Today, we are one of the country's leading glass and aluminium firms.

2010

We shifted our set up on our own 30,000 sqft. expansive area, located in Al Sajaa'a in Sharjah, with a vast production line making a mark in the glass industry in UAE.

OUR FACILITY

Housed within burgeoning Emirates Industrial City in Sharjah, Our Factory boasts 30,000 sqft. of space and houses a state of the art Warehouse. In addition, the facility boasts housing facilities for the workers making it easier to manage our workforce.

The Factory is ideally situated close to the Dubai Bypass road which grants easy access to all of the major emirates and makes it easier and faster for us to deliver to our customers.

THE WORKSHOP

We are constantly adding to our range of tools and Machinery to make it easier for us to serve our Clients needs and thus we have constructed several solutions such as the Glass Racking System.

The Work force of Al Fanous Al Fadhi is at the center of our ability to provide our unique services and we have several craftsmen with years of experience who are able to provide their talent in several areas such as Glass Artwork to project Managers within our Team of Technicians. Al Fanous Al Fadhi Glass, Aluminium and Steel workshops are equipped with a wide range of machineries.

BRAND ASSOCIATIONS

Al Fanous Al Fadhi believes in Quality and Precision. Our Company believes in Suppliers who have made significant contribution to Quality concepts and methodology over decades.

Our trusted brands enjoy an “US=THEM” relationship with customers.

Trusted brands never fails customers.

Trusted brands are transparent.

All Trusted Brands.
